International student observership program

The programme is run by UG cell, NKPSIMS & LMH

Objective:

Global education directly engages students with real-world issues and activities. The importance has been highlighted in our vision mission statement. Our institute has always welcomed students from abroad who are desirous to pursue academics. Cross cultural skills will help them to work in diverse teams. In order to facilitate this we have an open invitation to any student from abroad who wishes to experience medical education in India.

Goals:

During the observership the students will be able to attend:

OPD
IPD
OT
Laboratory

With this training the student will be able to know about the patient profile in central India. The student will attain knowledge of prevalence and incidence of common diseases in this part of the world and also know about the SOPs of management of the same.

Departments offering the course:

Surgery
Medicine
Paediatrics
OBGY
Orthopedics
Ophthalmology
Radiology
Psychiatry
Plastic surgery
Paediatric surgery

Duration of programme:

1 month

Minimum qualification

Medical graduate (including internship)
