

97 Batch Silver Jubilee reunion

The 1997 batch was a batch of 50 students. This year was their silver jubilee year. Despite of the uncertainties of the pandemic few students from the batch managed to visit the college on 11/12/21. 20 students visited the institute. After having a round in the key areas of the campus...especially the hostel, library and student section, they all assembled in the Amhi-theatre near the temple area. It was a beautiful and breezy morning where the alumni had a tete-a-tete with their teachers including Dean sir, Vice-Dean sirs, Mundle sir, Bhave sir and many senior teachers. A sumptuous brunch was followed by cake cutting. The student then shared some memories which filled the air with laughter. Whilst Dean sir, presented a personalized memento to each alumnus, the alumni batch presented a small token of gratitude to the teachers.
