Subject: Students Feedback.

An online students' feedback form was used to get the students feedback about infrastructure, curriculum and teaching. This was analysed by a team of 3 seniors MET Staff members maintaining confidentiality.

The average responses on all points ranged from Fair to Very Good. The best responses were for the following:

1. Are you aware that syllabus is decided by MUHS (curriculum)?
2. The clinics/ practicals are conducted regularly.
3. The examination cell monitors fair conduct of the exam.
4. The exams are conducted as per schedule.
5. The teaching schedule is regularly followed.
6. The UG Cell is approachable.
7. The overall environment in the class was conducive to learning.

Hence the overall responses were above average in all aspects.

External Examiner's Feedback

It is very encouraging to note that almost all faculty who visited our institute as External Examiner have appreciated the process of the conduct of examination and the content of the curriculum.

Some of the good academic practices noted were professional skills and sincerity of teachers who conduct the examination.

Positive comments were also there about the knowledge and the skill of students.

One External Examiner in Biochemistry Department had a problem regarding washroom of Guest House of room no.1. The same was communicated to SAO and the issue was resolved.
