Department of Anatomy

Title of the practice: Body donation awareness program

Aim: Aim of the program is to create awareness among general population about whole body donation for the purpose of medical education and research.

Objectives of the Practice:

1. To help relatives of body donor to fulfil the last wish
2. To arrange vehicle to receive donor at the earliest and embalm it.
3. To provide cadavers for dissection and for Cadaveric workshop.
4. To conduct research on cadavers
5. To prepare specimens for Anatomy Museum

The Context: The institute is located in rural part of Nagpur. People in surrounding region are not much aware about body donation. First MBBS students learn anatomy and dissection is the integral part of studying anatomy. More than a book cadavers teach them. They are the silent mentors and first teacher of the students. During covid 19 there was a shortage of cadavers. Hence the body donation awareness program was started so that we can offer better learning environment to the students.

The Practice: The motivation of public for body donation is the first step in body donation awareness program. We conducted awareness program in rural and urban areas and distributed body donation forms. Two NGO's joined hands with us. We provide donor card to the people who submit the body donation form of the institute. After death, we provide free ambulance service 24X7 to the relatives of body donor. Application from close relatives, Death certificate of diseased, Aadhar card of donor and relatives are required at the time of donation. Certificates are given to the relatives. Thanks giving program is arranged after body donation.

Evidence of Success: from July 2023 to June 2024, the department received 11 body donations.

Problems encountered and resources required: Initially arranging people for the awareness program was difficult but with the help of NGO's we could manage it.

Resources required – Vehicle, LCD Projector, Screen, Body donation forms, Banners and Mike system.

DEPARTMENT OF ANATOMY

1. Events conducted

1.Report on “Body Donation & Organ Donation Awareness Program”

- A. The department of Anatomy conducted body donation & organ donation awareness program on 11/8/2023 at 12 Noon at Police Nagar, Hingna, Nagpur on occasion of International Organ Donation day to be observed on 13th August every year. Chief Guest of the function was Mrs. Archnatai Kailash Giri, Jilha Parishad Member, Guest of honor was Mr. Rajendra Harde, Ex. Jilha Parishad Member, and coordinator of the function was Mr. Dhanraj Dhore, attendant Dept. of Pharmacology. Dr. Deepali Onkar , Prof & Head Anatomy, & Anant Fulse, Asso. Prof. Anatomy were the speakers. Dr.Deepali Onkar informed the need and process of Body donation. Queries from the people were solved. Dr. Anant Fulse informed the people about the different organ donation in living and brain dead persons. 50 people attended the program. The body donation forms were distributed.

- B. The department of Anatomy conducted body donation & organ donation awareness program on 07/02/2024 at 7 PM at, Buddha Vihar, Wadi, Nagpur on the occasion of Ramabai Ambedkar Jayanti. Dr. Rajesh Dehankar, Professor in Anatomy department informed the need and process of Body donation. Queries from the people were solved. 50 people attended the program. The body donation forms were distributed. 10 people submitted the body donation forms to the department of Anatomy.

2. CADAVERIC OATH TAKING CEREMONY

An initial introductory session (large or small group) is conducted on the importance of biologic tissues and cadavers in their learning. The discussion focuses on the fact that some of these cadavers were undammed but also many of them are an anatomic gift by families; respect for donor families, cadavers and tissue is important and must be respected. The session includes safe and clean handling and disposal of biologic tissues. The session is conducted in two hours.

The session was conducted by Dr. Deepali P. Onkar, Professor & Head, Dept. of Anatomy on 09/10/2023, The Cadaver as Our First Teacher (AETCOM Lecture) All the 1st Year MBBS (2023 Batch) attended the Lecture. This was followed by cadaveric oath taking ceremony. It was attended by Resp. Dean Dr. Kajal Mitra, UG cell incharge Dr. Neena Nagdeo, Dr. Deepali P. Onkar, Professor & Head, Dept. of Anatomy and all staff members of anatomy.

3. Report of Slogan Competition: -

On the occasion of “World Anatomy Day”, the department of Anatomy, NKP SIMS & RC and LMH, Nagpur organized a Slogan Competition on Body Donation for 1st MBBS 2023 Batch students. Sixty-six students participated in the competition. Dr. Neena Nagdeo, UG cell in-charge & HOD Microbiology and Dr. Sushrut Fulare, Deputy Medical Superintendent & Professor of Surgery were the judges. Dr. D.P. Onkar, Prof & HOD Anatomy briefed the importance of body donation & role of Anatomy department for it. Dr. Neena Nagdeo expressed her views about body donation & Dr. S. Fulare explained the importance of Anatomy for surgical branches.

Winners of the competition are –

1st – Aayushi Jagtap & Harshini Sawal

2nd – Tushar S. Patil, Pratham D. Rewanwar & Sahil P. Regade

3rd – Sanskriti Ghorpade

Consolation prize- Arjun Jiddewar & Mohd. Mudassir Khan

Dr. M. K. Tabhane, Associate Professor Anatomy announced the results. Prizes were given in the hands of judges. Program was conducted by Dr. A. C. Fulse, Associate Professor Anatomy.

Dr. S.M. Walulkar, Associate Professor, Anatomy proposed formal vote of thanks. All the teaching & Non teaching staff members worked hard for the success of the program.

The banners were prepared from prize winning slogans and displayed at the strategic locations in Lata Mangeshkar Hospital so the patients and their relatives attending OPDs will see it and will come forward for voluntary body donation.

NKPSIMS & RC and LMH/FMT/ 07-A /2024

Date:07.04.2024

Best Practice 2

Modern Mid-Level Service Provider Certificate Course / Community Health Officer
affiliated to MUHS, Nashik

Objectives of the Practice

To develop following skills in MMLSP

Public Health Skills.

General Skills of Bio Medical Waste management, medicine dispensation, medicine refills and injections, suturing of superficial wounds, Laboratory Skills.

Skills for Management of common conditions e.g. fever, aches and pains.

First aid stabilization care for common emergencies.

Maternal Health Skills Reproductive and Adolescent Health Skills.

New-born and Child Health Skills.

The Context

To improve the health status of population without any financial hardship, State is committed to provide the universal health coverage (UHC) to all of its population. In an effort to provide universal health coverage, Honourable Prime Minister of India has launched Ayushman Bharat campaign.

The Practice

The SC-HWCs (Sub-Centre - Health & Wellness Centre) are to be headed by a mid-level service provider (Community Health Officer, CHO) with a primary health care team including ANMs, ASHAs, MPW and AWW of the sub center area. The mid-level service providers are BAMS/BUMS doctors, B.Sc. nursing students. They are trained through a six-month's bridge course (Modern Mid-Level Service Provider Certificate Course). During this course candidate are paid stipend of Rs. 10,000/month. After successful completion of the course they are appointed as CHO (Community Health Officer) at sub- centers.

Accredited through Maharashtra University of Health Sciences (MUHS) Nashik. This course equips them with clinical and public health competencies necessary to deliver revised & comprehensive set of primary health care services.

Evidence of success

MMLSP certificate course is MUHS affiliated course which was started in this institute from August 2019. In the year 2022, 86 CHO were enrolled & their lectures and clinics were taken regularly. Of these 73 appeared for exam and 66 successfully completed.

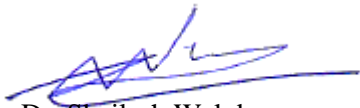

Problem Encounter & Resources Required

This programme was conducted smoothly with the help of teaching staff of the institute, and being supervised by Dr. H. T. Kanade (Nodal Officer) and Dr. Shailesh Wakde (Co-ordinator) under guidance of Dr. Kajal Mitra (Dean). Dr. Shriram Gogulwar, Principal, Health & Family

Welfare Training Centre Mata Kacheri Area, Nagpur looked after MMLSP certificate course training centers in Nagpur division Nagpur on behalf of State Government.

Other Information

Individuals interested in pursuing a modern mid-level Service provider community health officer certificate course get enrolled in this program. These courses typically focus on equipping students with the necessary skills and knowledge to work in the field of community health and provide essential services to underserved populations. Community Health Officer Certificate: This certificate program aims to prepare students to work as community health officers in various settings such as. Community health centers, non-profit organizations, and government agencies. The curriculum typically includes courses on community health assessment, health education and communication, primary health care management, and health promotion. Students also gain practical skills through field placements. A community health officer is a health professional who works to improve the health of a specific population or community. They may work in a variety of settings, including public health departments, hospitals, clinics, and community-based organizations. Community health officers are responsible for assessing the health needs of a community, developing and implementing health promotion and disease prevention programs, and providing health education and outreach services. They may also provide direct patient care, such as immunizations and screenings.

“Modern Mid-Level Service Provider Certificate Course”

Objectives to develop following skills of MMLSP

- Public Health Skills
- General Skills of Bio Medical Waste management, medicine dispensation, medicine refills and injections, suturing of superficial wounds,
- Laboratory Skills
- Skills for Management of common conditions e.g. fever, aches and pains
- First aid stabilization care for common emergencies
- Maternal Health Skills
- Reproductive and Adolescent Health Skills
- Newborn and Child Health Skills

Context

To improve the health status of population without any financial hardship, State is committed to provide the universal health coverage (UHC) to all of its population. In effort to provide universal health coverage, Honorable Prime Minister of India has launched Ayushman Bharat campaign.

Practice

The SC-HWCs (Sub-Centre - Health & Wellness Centre) are to be headed by a mid-level service provider (Community Health Officer, **CHO**) with a primary health care team including ANMs, ASHAs, MPW and AWW of the sub center area. The mid-level service providers are BAMS/BUMS doctors, B.Sc. nursing students. They are trained through a six-month's bridge course (Modern Mid-Level Service Provider Certificate Course). During this course candidates are paid stipend of Rs. 10,000/month. After successful completion of the course they are appointed as CHO (Community Health Officer) at sub- centers.

Accredited through Maharashtra University of Health Sciences (MUHS), this course equips them with clinical and public health competencies necessary to deliver revised & comprehensive set of primary health care services.

MMLSP certificate course is MUHS affiliated course started in this institute from August 2019 and it is running successfully since then. In the year 2023,86 students are enrolled; out of which 73 appeared for the examination and 66 successfully completed this certificate course.

Evidence of success

This programme was conducted smoothly with the help of teaching staff of the institute, and being supervised by Dr. H. T. Kanade (Nodal Officer) and Dr. Shailesh Wakde (Co-ordinator) under guidance of Dr. Kajal Mitra (Dean).

Dr. Shriram Gogulwar, Principal, Health & Family Welfare Training Centre Mata Kacheri Area, Nagpur is looking after MMLSP certificate course training centers in Nagpur division Nagpur on behalf of State Government.
