Freshers MBBS 2024 Personality Contest

The Personality Contest at NKP Salve Institute of Medical Sciences in Nagpur was held on February 22nd 2025 where students showcased their true self. The presence of our UG Alumni **Dr. Narayani Kalnawat Roy** and **Dr. Rohan Roy** as judges filled the event with positivity and enthusiasm.

In Round 1 each of the 32 participants was required to introduce themselves followed by a short but captivating walk on stage. This was the first impression the audience and the judges had of the participants, which helped set the tone and expectations for the competition. Round 2 was the Talent Showcase where participants were free to exhibit their skills in dance, music, painting, playing instruments or even narration. Hands down, every participant was unique in their own way. Their creativity and talents are definitely going to be etched in people's minds for a long time. After this round 14 contestants were shortlisted for the next two rounds.

Round 3 was a secret round, which involved participants advertising an object, which added a humorous and unexpected twist. The crowd laughed and applauded as they demonstrated their spontaneity, wit, and quick thinking in the face of this unexpected obstacle. The prestigious panel of judges asked the contestants questions in the final 4th round. The judges themselves carefully crafted these questions, which probed the participants' personalities, attitudes, and viewpoints in greater detail and offered insightful information for the assessment procedure.
